

One-Day GREMI Meeting “Epithelial Cells: Conductors of the Inflammatory Orchestra”
March 14, 2025 - Pasteur Institute (Duclaux Lecture Theater)

8:30-9:15 Registration of the participants in the Hall of the Duclaux Building

9:15-9:20 Opening and welcome remarks

Session 1: Epithelial Cell Sensing and Interaction with the Inflammatory and infectious Environment

9:20 1st Invited speaker: Mélanie HAMON, Institut Pasteur, Paris, France

“bacterial targeting of host chromatin, a lasting impression”

9:50 One talk selected from the submitted abstracts

10:05 One talk selected from the submitted abstracts

10:20 One talk selected from the submitted abstracts

10:35-11:05 Coffee Break, Poster session and Exhibition stand visit

Session 2: Epithelial cells as cornerstones of inflammatory diseases

11:05 2nd Invited speaker: Yves POUMAY, University of Namur, Belgium.

“Epidermal keratinocytes as actors and sensors of inflammatory conditions ”

11:35 One talk selected from the submitted abstracts

11:50 One talk selected from the submitted abstracts

12:05 One talk selected from the submitted abstracts

12:20-14:35 Lunch, Poster session and Exhibition stand visit

14:35 GREMI PRIZE - Michel CHIGNARD:

Session 3: Transdisciplinary and new approaches for epithelial cell studies

14:50 3rd Invited speaker: Jean-François BERRET, Université Paris Cité, France

“Organ-on-a-chip models for lung functions: Applications in therapy and environmental toxicology”

15:20 One talk selected from the submitted abstracts

15:35 One talk selected from the submitted abstracts

15:50 One talk selected from the submitted abstracts

16:05-16:35 Coffee Break, Poster session and Exhibition visit

Session 4: Diversity and unconventional functions of epithelial cells in inflammatory context

16:35 4th Invited speaker: Malin JOHANSSON, University of Gothenburg, Sweden

“Epithelial protection by different goblet cells”

17:05 One talk selected from the submitted abstracts

17:20 One talk selected from the submitted abstracts

17:35 One talk selected from the submitted abstracts

17:50 Closing remarks

Talk duration includes (selected 3 min, invited 5 min) discussion
