

A light blue background with a red outline of several elongated, rounded epithelial cells arranged in a row.

Epithelial Cells: Conductors of the Inflammatory Orchestra

**One Day GREMI Meeting
14th March, 2025 - Institut Pasteur, Paris**

Session 1

**Epithelial cell sensing and interaction
with the inflammatory and infectious environment
Mélanie HAMON, Institut Pasteur, Paris, France**

Session 2

**Epithelial cells as cornerstones of inflammatory diseases
Yves POUMAY, University of Namur, Belgium**

Session 3

**Transdisciplinary and new approaches
for epithelial cell studies
Jean-François BERRET, Université Paris Cité, France**

Session 4

**Diversity and unconventional functions
of epithelial cells in inflammatory context
Malin JOHANSSON, University of Gothenburg, Sweden**

**Posters and 12 Oral communications
will be selected from the submitted abstracts**

**The organizers: I Couillin, C Deraison, V Lagente, JC Lecron,
JP Motta, X Norel, J Quintin, M Si-Tahar, N Vergnolle**
